

Understanding Your Paycheck

CALCULATING GROSS PAY

Gross pay is your total earnings before deductions. To calculate gross pay, multiply the hourly wage by the number of hours worked. Find the gross pay for each of the workers below.

ANDREA

Andrea works for Linido, Ltd., a full-service hair salon. During the past two weeks, she worked 75 hours. She makes \$7.50 per hour. How much is her gross pay?

MATT

Matt works for the city. He makes \$8.00 per hour for the first 40 hours each week. He is paid \$12.00 per hour for time over 40 hours. During the past two weeks, he worked 38 hours the first week and 47 hours the second week. How much is his gross pay?

LUCIENDA

Lucienda makes \$10.00, not including tips, for each five hour shift she waitresses. Last week, she worked four shifts. She made the following tips: Sun.—\$20.00; Wed.—\$23.00; Fri.—\$55.00; and Sat.—\$63.00. How much is her gross pay?

JOEY

Joey works at a department store in the mall. He makes \$6.47 an hour regular time and \$9.50 an hour overtime (over 40 hours per week). Last week he worked 54 hours. This week he worked 62 hours. How much is his gross pay?
